WELCOME MESSAGE

CONVENOR OF THE 16TH ASEAN NEUROLOGICAL ASSOCIATION

Dear Respected Colleagues,

We are delighted to welcome you to 16th Biennial Convention of The ASEAN Neurological Association (ASNA) 2025. It is our honour and privilege to host this prestigious event in Bali, Indonesia.

The ASEAN Neurological Association (ASNA) is one of the most significant neurology scientific events in Southeast Asia. The symposium encompasses presidential lectures, plenary symposiums, and parallel sessions.

Meanwhile the workshops will cover full-day courses, half-day courses, and mini teaching courses varying from teaching courses to hands-on practices. This conference will also conduct E-poster competition. There are also non-scientific events offered, such as exhibitions, faculty meetings, organizational meetings, gala dinners, and neuro run

This event will be a great opportunity for all pharmaceutical, medical device, and instrument industries, to introduce and promote their products for more than 1,000 neurologist and others allied healthcare professionals from around the globe.

This event will be held in Bali Sunset Road Convention Center, Bali, Indonesia, marked as one of the most exciting and beautiful places in Bali. Nestled in the heart of Denpasar by the gentle embrace of the sea, where nature's beauty and tranquility converge with great access to beautiful tourism spot, cultural heritage, beautiful landscape, and shopping centres.

We look forward to seeing you very soon!

With best wishes,

Rivan Danuaji

Convenor of the 16th Asean Neurological Association (ASNA)

WELCOME MESSAGE

PRESIDENT OF ASEAN NEUROLOGICAL ASSOCIATION

Welcome to the 16th ASEAN Neurological Association (ASNA) Biennial Convention in Bali, 2025. Warmest greetings on behalf of the ASEAN Neurological Association!

This year's theme is ASEAN Collaborative Strategy to Encounter Challenge and Growing Burden in Neurological Disorders. In our region, the challenges in neurology increased exponentially after the COVID-19 pandemic. We are trying to catch up with advanced knowledge, newer investigations, and treatment options in neurology. However, this is limited by a lack of neurologists, inadequate opportunities for subspecialty training, and insufficient funding and facilities. Our regional survey demonstrated the inequality of resources and great variation in neurology training and practices in our region.

The growing burden of neurology, increasing treatment costs, and slow regional academic and clinical progress exponentially expand the treatment gap in the field. On the other hand, the popularization of telecommunications post-COVID enables us to connect more and access advanced knowledge via webinars. We are getting closer and collaborating more. Similarly, learning opportunities are easily and mostly freely available.

Therefore, the organizing committee of The 16 ASNA Convention is working hard to plan a comprehensive program covering various subspecialty fields in neurology. The symposia aim to advance knowledge in neurology. There are also many educational workshops to equip young neurologists and trainees with essential and practical neurological skills that will improve patient care in the region.

Meanwhile, the convention provides a platform to meet face-to-face, build a stronger bond, and foster collaboration. We have also planned a Neuro Run on the last day to express our determination to run and face the challenges and growing burden together.

Last, I would like to express my gratitude to the Indonesian Neurological Association (PERDOSNI) for hosting The 16 ASEAN Neurological Association (ASNA) Biennial Convention.

I am looking forward to meeting you in August. Welcome to Bali, Indonesia.

“Advancing knowledge, fostering collaboration, and improving patient care within the field of neurology”

With best wishes,

Kheng-Seang LIM
President of ASEAN Neurological Association

WELCOME MESSAGE

PRESIDENT OF THE INDONESIAN NEUROLOGICAL ASSOCIATION

Dear distinguished colleagues,

On behalf of the Indonesian Neurological Association, it is my great pleasure to warmly welcome each of you to the 16 Biennial Convention of ASNA 2025 here in Bali, Indonesia. We are truly honored to host so many brilliant minds, thought leaders, and innovators from across the ASEAN region.

The 16 Biennial Convention of ASNA 2025 is not only a platform for advancing knowledge in the field of neurology but also a celebration of the rich diversity that each of you brings to the table. As we live in an increasingly interconnected world, it is through exchanges like these that we can build bridges of understanding, forge new partnerships, and address the challenges that transcend national borders.

We are especially proud to host this event in Bali, a place where history, culture, and progress have always harmoniously coexisted. We hope that alongside the important work we will accomplish over the coming days, you will also have the opportunity to experience the warmth of our hospitality, the vibrancy of our communities, and the natural beauty of our island.

This event will provide a unique opportunity for collaboration, learning, and development. The diversity of perspectives, expertise, and experience gathered here will undoubtedly enrich our discussions and lead to outcomes that will benefit not only our respective organizations but also the broader ASEAN community.

I am delighted to welcome you all to this exciting event, and I look forward to the fruitful discussions and collaborations that lie ahead.

With best wishes,

Dodik Tugasworo Pramukarso
President of the Indonesian Neurological
Association

COMMITTEE

Advisory Board

Lim Kheng Seang

PROGRAM AT A GLANCE

TIME AND DATE	VENUE	MORNING SESSION				AFTERNOON SESSION		EVENING SESSION
PRE CONGRESS WORKSHOP DAY 1 Wednesday August 6 th , 2025	Ballroom A	ASEPA (WS-A01) "Lesional Epilepsy"						
	Legian Room	NEURORESTORATION -NEUROREHABILITATION (WS-A02) "Rewiring the Brain: Advanced Neurostimulation Strategies for Post-Stroke Recovery"						
	Jimbaran Room	NEUROTRAUMA - NEUROINTENSIVE (WS-A 03) "Emergency Neurotrauma: Hands-On Approaches in Intensive Care"			NEUROINFECTION - NEUROIMMUNOLOGY (WS-A 05) "Multiple Sclerosis & CNS Inflammation: A Comprehensive Clinical Approach"			
	Kuta Room	NEUROOTOLOGY - NEUROOPHTALMOLOGY (WS-A 04) "Clinical Excellence in Neuro-Ophthalmology & Vestibular Diagnostics"			NEUROSONOLOGY (WS-A 06) "Role of Neurosonology in Stroke Management"			
PRE CONGRESS WORKSHOP DAY 2 Thursday August 7 th , 2025	Ballroom A	ASEPA (WS-A 01) "Lesional Epilepsy"						
	Legian Room	SLEEP (WS-B 08) "The Science of Sleep: Hands-on PSG Training & Interpretation"						
	Kuta Room	NEUROPHYSIOLOGY - NEUROMUSCULAR (WS-B 07) "Pathways to Precision: Navigating Nerve Conduction and Scanning"						
	Ballroom A	NEUROINTERVENTION (WS-B 09) "Fostering Interventional Neurology Services in Southeast Asia"						
	Ballroom C	PAIN (WS-B 10) "The Pain Puzzle: Connecting Assessment, Diagnosis, and Intervention"			HEADACHE (WS-B 12) "Pitfalls of Headache Diagnosis and Management"			
	Jimbaran Room				NEUROBEHAVIOUR (WS-B 13) "Dementia Care Pathway"			
	Udayana University Hospital	MOVEMENT DISORDER (WS-B 11) "Unlocking the Complexity of Movement Disorders: A Practical Approach"						
MAIN CONGRESS DAY 1 Friday August 8 th , 2025	Ballroom A	Presidential Lecture (PR-01) Neurology training and research – The role of ASNA	Plennary Symposium (PL-01) NEUROPHYSIOLOGY "Deciphering Peripheral Neuropathies: From GBS and CIDP to Emerging Nodopathies"	Opening Ceremony	Plennary Symposium (PL-02) NEUROTRAUMA - NEUROINTENSIVE "From Crisis to Recovery: Innovations in Neurocritical Care for Severe Neurological Conditions"	Paralel Symposium 1A (RL-01) NEUROINTERVENTION "The Next Decade of Neurointervention: Transforming Stroke Treatment in Southeast Asia"	Paralel Symposium 2A (RL-04) NEUROOTOLOGY - NEUROOPHTHALMOLOGY "Unraveling the Complexity of Vestibular Syndromes: From Nystagmus to BPPV"	
	Ballroom B					Paralel Symposium 1B (RL-02) PAIN "Update Management in Neuropathic Pain"	Paralel Symposium 2B (RL-05) HEADACHE "Future Approaches to Migraine and Chronic Headache Disorders"	
	Ballroom C					Paralel Symposium 1C (RL-03) NEURORESTORATION - NEUROREHABILITATION "Neurorestoration in Action: Innovations in Stroke, Parkinson's, and Dementia Rehabilitation"	Paralel Symposium 2C (RL-06) EPILEPSY "Decoding Epilepsy: From NORSE & FIRES to Functional Recovery Pathways"	
	Legian Room	Poster Competition						
	Jimbaran Room				Business Meeting			
	Kuta Room				Business Meeting			
	MAIN CONGRESS DAY 2 Saturday August 9 th , 2025	Ballroom A	Presidential Lecture (PR-02) "The Importance and the Role of Brain Health Services in ASEAN "	Plennary Symposium (PL-03) MOVEMENT DISORDER "Movement Disorder Insights: Diagnostic Dilemmas, Biomarkers, and Management Pitfalls"	Plennary Symposium (PL-04) NEUROINFECTIION "Neuroinfection Frontiers: Diagnosis, Challenges, and Innovations in Management"	Plennary Symposium (PL-05) STROKE "Understanding Stroke: The Intersection of Genetics, Therapy, and Climate Change"	Paralel Symposium 3A (RL-07) SLEEP "The Science of Sleep: From Neurological Disruptions to Insomnia and Narcolepsy"	Paralel Symposium 4A (RL-10) NEUROBEHAVIOR "Next-Generation Dementia Care: Data, Diagnosis, and Daily Function"
Ballroom B		Paralel Symposium 3B (RL-08) GENERAL NEUROLOGY "Building Neurological Expertise: A Regional Perspective on Training and Competency"					Paralel Symposium 4B (RL-11) NEUROEPIDEMIOLOGY "Neuroepidemiology in Asia: Research, Challenges, and Collaborative Synergies"	
Ballroom C		Paralel Symposium 3C (RL-09) NEUROONCOLOGY "Neuro-Oncology in the Modern Era: Advances in Diagnosis, Emergencies, and Treatment Strategies"					Paralel Symposium 4C (RL-12) NEUROIMMUNOLOGY "Advancing Neuroimmunology: From Autoimmune Encephalitis to MS Innovations"	
Jimbaran Room		ASEPA Examination			Business Meeting			
Kuta Room		ASNA Meeting			Educational Meeting			
Legian Room					Business Meeting			
MAIN CONGRESS DAY 3 Sunday August 10 th , 2025		Start point: BSCC Garden	NEURORUN

BALLROOM A

Bali Sunset Road Convention Center (BSCC)

TIME	EVENT	SPEAKER
DAY 1		
07.00 - 08.00	Registration and Pretest	
08.00 - 08.30	Welcome and Introduction	Prof. Lim Kheng Seang, MD, PhD (MAS) and TBC*
08.30 - 09.00	Semiology	Suryani Gunadharma, MD, PhD (IDN)
09.00 - 09.30	Interictal and Ictal EEG	Minh An Thuy Le, MD (VNM)
09.30 - 09.45	COFFEE BREAK	
09.45 - 11.45	Case 1: Glioma	Indonesia Case
11.45 - 12.00	Surgical approach: Lesionectomy	Fitri Octaviana, MD, PhD (IDN)
12.00 - 13.00	LUNCH AND PRAYER	
13.00 - 13.30	MRI	Si Lei Fong, MD, MBBS, MRCP(UK) (MAS)
13.30 - 14.00	PET	Chong Wong, MD, PhD (AUS)
14.00 - 14.15	COFFEE BREAK	
14.15 - 16.15	Case 2: MTS, dominant	Sydney Case
16.15 - 16.30	Surgical approach: Temporal lobectomy	Michael Fong, MD, PhD (AUS)
DAY 2		
07.00 - 08.00	Registration	
08.00 - 08.30	Minimally invasive surgery	Michael Fong, MD, PhD (AUS)
08.30 - 09.00	Functional assessment	Prof. Lim Kheng Seang, MD, PhD (MAS)
09.00 - 09.30	Bussiness Meeting by Neurosoft	COFFEE BREAK
09.30 - 11.30	Case 3: FCD	Malaysia Case
11.30 - 11.45	Surgical approach: ECoG	Si Lei Fong, MD, MBBS, MRCP(UK) (MAS)
11.45 - 12.45	LUNCH AND PRAYER	
12.45 - 13.15	Setup of a Video-EEG Monitoring Unit	Aris Catur Bintoro, MD, PhD (IDN)
13.15 - 13.45	Invasive Monitoring: Subdural vs SEEG	Assoc. Prof. Piradee Suwanpakdee, PhD (THA)
13.45 - 15.45	Case 4 : Polymicrogyria	Thailand Case
15.45 - 16.00	COFFEE BREAK	
16.00 - 16.30	To implant or not?	Assoc. Prof. Piradee Suwanpakdee, PhD (THA)
16.30 - 17.30	Video contest/Quiz	
17.30 - 17.45	Closing and Feedback	

WORKSHOP DAY 1

Wednesday, August 6th, 2025

SKP TO BE
Neurologist
ANNOUNCED
20 SKP

LEGIAN MEETING ROOM

Bali Sunset Road Convention Center (BSCC)

TIME	EVENT	SPEAKER
NEURORESTORATION - NEUROREHABILITATION		
07.00 - 08.00	Registration	
08.00 - 08.10	Opening Ceremony and Pretest	
08.10 - 08.35	Therapeutic Neuromodulation with TMS: Emerging Evidence and Future Directions in Neurorestoration	Amanda Tiksnadi, MD, PhD (IDN)
08.35 - 09.05	Transcranial Magnetic Stimulation for Post-Stroke Dysphagia: From Evidence to Clinical Practice	Sukree Samanthai MD, PhD (THA)
09.05 - 09.30	Unraveling TMS for Central Post-Stroke Pain: Coil Configuration, Robotic Targeting, and Safety	Prof. Yoshikazu Ugawa, MD, PhD (JPN)
09.30 - 09.50	Precision Neuromodulation: Toward Personalized Protocols in Post Stroke Visual Field Defect	Yetty Hambarsari, MD (IDN)
09.50 - 10.20	Business Meeting	PT King
10.20 - 10.30	COFFEE BREAK	
10.30 - 10.50	tDCS Based Neurorestoration : Non Invasive Approach for Brain Recovery in Neurological Disorder	Jumraini, MD, PhD (IDN)
10.50 - 11.10	tDCS for memory and attention recovery : a non invasive approach to cognitive rewiring	Deby Wahyuning Hadi, MD (IDN)
11.10 - 11.30	tDCS and Sleep Regulation: A Non-Invasive Approach to Enhancing Sleep Quality	Nyoman Artha, MD (IDN)
11.30 - 11.40	Panel Discussion	
11.40 - 12.40	LUNCH AND PRAYER	
12.40 - 13.25	Live Demonstration about TMS 1. TMS + Robotic + Neuronavigation 2. Transcranial Magnetic Stimulation (TMS)	Transcranial Magnetic Stimulation (TMS) a. Prof. Yoshikazu Ugawa, MD, PhD (JPN) b. Sukree Samanthai, MD, PhD (THA) c. Amanda Tiksnadi, MD, PhD (IDN) d. Yetty Hambarsari, MD (IDN)
13.25 - 14.05	Live Demonstration about tDCS	Transcranial Direct Current Stimulation a. Jumraini, MD, PhD (IDN) b. Deby Wahyuning Hadi, MD (IDN) c. Nyoman Artha, MD (IDN)
14.05 - 15.05	Hands-on Session: Rolling 1 1. TMS + Robotic + Neuronavigation 2. tDCS	
15.05 - 15.35	Bussiness Meeting	PT Neurosoft
15.35 - 15.45	COFFEE BREAK	
15.45 - 16.45	Hands-on Session: Rolling 2 1. TMS + Robotic + Neuronavigation 2. tDCS	
16.45 - 17.00	Post test and Closing Ceremony	

WORKSHOP DAY 1

Wednesday, August 6th, 2025

JIMBARAN MEETING ROOM

Bali Sunset Road Convention Center (BSCC)

NEUROTRAUMA - NEUROINTENSIVE

TIME	EVENT	SPEAKER
07.00 - 07.45	Registration	
07.45 - 08.00	Opening Ceremony and Pretest	
08.00 - 09.00	Medical management of Spinal Cord Trauma	Alfansuri Kadri, MD, PhD (IDN)
09.00 - 10.00	POCUS in Neurocritical Care	Johnny Lokin, MD (PHL)
10.00 - 10.15	COFFEE BREAK	
10.15 - 11.15	Installation and monitoring of spinal drains	Abdulloh Machin, MD, PhD (IDN)
11.15 - 11.45	DISCUSSION	
11.45 - 12.00	Closing and Posttest	

NEUROINFECTION - NEUROIMMUNOLOGY

13.00 - 13.05	Opening + Pretest	
13.05 - 13.35	Clinical Diagnosis on Multiple Sclerosis	Paulus Sugianto, MD, PhD (IDN)
13.35 - 14.35	Neuroimaging of CNS inflammatory diseases	Sunithi Elizabeth Mani, MD (BRN)
14.35 - 14.40	COFFEE BREAK	
14.40 - 15.10	Disease Modifying Treatment of Multiple Sclerosis	Arthur Hendrik P Mawuntu, MD (IDN)
15.10 - 15.55	Update Management of Multiple Sclerosis	Prof Amy Quek, MD, PhD (SGP)
15.55 - 16.55	HANDS ON WITH CASE DISCUSSION	
16.55 - 17.00	Closing and Posttest	

WORKSHOP DAY 1

Wednesday, August 6th, 2025

KUTA MEETING ROOM

Bali Sunset Road Convention Center (BSCC)

NEUROOTOLOGY - NEUROOPHTALMOLOGY

TIME	EVENT	SPEAKER
07.00 - 08.00	Registration + Pretest	
08.00 - 08.30	Pupillary examination	Prof Umapathy N Thirugnannam, MD., Ph.D (SGP)
08.30 - 09.00	How to test visual fields at the bedside and clinic	Soo Hua Huat, MD (MAS)
09.00 - 09.30	Basic of funduscopy	Ni Nengah Rida Ariarini, MD (IDN)
09.30 - 09.50	COFFEE BREAK	
09.50 - 10.20	Nystagmus examination	Prof Umapathy N Thirugnannam, MD., Ph.D (SGP)
10.20 - 10.50	Square wave jerk and other saccadic intrusion	Soo Hua Huat, MD (MAS)
10.50 - 11.20	BPPV test : Dix Hallpike and supine head roll test	Ni Nengah Rida Ariarini, MD (IDN)
11.20 - 11.30	Closing and Posttest	

NEUROSONOLOGY

13.00 - 13.05	Opening + Pretest	
13.00 - 13.35	Physics, cerebrovascular anatomy and indices used in neurosonology	Assoc Prof Chang Hui Meng. MBBS, MRCP (UK), FAMS (SGP)
13.35 - 14.05	Performing Ultrasound/ TCD/TCCD studies in stroke - and findings in normal studies	Yohanna Kusuma, MD, PhD, Cert. Neurosonology WFN-NSRG & RPNI (ASN), FRACP (IDN)
14.05 - 14.35	Diagnosing plaques, stenoses and other abnormalities in Extracranial Carotid n Vertebral study	Associate Professor Aurauma Chutinet, MD (THA)
14.35 - 14.50	COFFEE BREAK	
14.50 - 15.20	Abnormalities seen in TCD/TCCD studies	Girianto Tjandrawidjaja, MD (IDN)
15.20 - 15.50	Specialised tests & their utility : (1)Microemboli detection (2) Cerebrovascular Reactivity (3) SAH monitoring	Assoc Prof Chang Hui Meng. MBBS, MRCP (UK), FAMS (SGP)
15.50 - 16.35	Hands On Station: (1)Carotids/VAs (2)TCD/TCCD	All Panelist
16.35 - 16.40	Closing and Posttest

10.20 - 10.35	COFFEE BREAK	
10.35 - 11.20	Basic Principle of NMUS	<i>Rivan Danuaji, MD, PhD (IDN)</i>
11.20 - 12.05	Protocol scanning Upper Extremity + Demo	<i>Rivan Danuaji, MD, PhD (IDN)</i>
12.05 - 13.05	LUNCH AND PRAYER	
13.05 - 13.50	Protocol scanning Lower Extremity + Demo	<i>Prof Nortina Shahrizaila, MD, PhD (MAS)</i>
13.50 - 14.35	NCS of Common Nerve Entrapment + Demo	<i>Ahmad Yanuar Safri, MD, Ph.D (IDN)</i>
14.35 - 15.20	Scanning of Common Nerve Entrapment + Demo	<i>Prof Nortina Shahrizaila, MD, PhD (MAS)</i>
15.20 - 16.50	Hands-On in Groups	
17.30 - 17.45	Closing and Feedback	

WORKSHOP DAY 2

Thursday, August 7th, 2025

BALLROOM C

Bali Sunset Road Convention Center (BSCC)

TIME	EVENT	SPEAKER
PAIN		
07.00 - 08.00	Registration	
08.00 - 08.10	Opening + Pretest	
08.10 - 08.50	Principle of pain management + Discussion	Prof. Dessy Rakhmawati Emril, MD, PhD (IDN)
08.50 - 09.20	How to asses pain : (1)How define pain intensity (2)How to define the pain type (3)How to do the evaluation of pain treatment	Widodo Mardi Santoso, MD (IDN)
09.20 - 09.30	COFFEE BREAK	
09.30 - 10.10	How to diagnose (the top 5) + Discussion	Viet-Thang Le, MD, PhD (VNM)
10.10 - 11.00	How to decide the treatment and define the prognosis + Discussion	Viet-Thang Le, MD, PhD (VNM)
11.00 - 11.40	Minimal Invasive Intervention for pain management + Discussion	Prof. Dessy Rakhmawati Emril, MD, Ph.D (IDN)
11.40 - 12.10	Closing and Posttest	

HEADACHE		
12.00 - 12.45	Registration	
12.45 - 12.55	Opening + Pretest	
12.55 - 13.20	Understanding structured headache interviews and headache diaries in clinical practice	Nguyen Vinh Khang, MD (VNM)
13.20 - 13.45	Diagnostic imaging in headache evaluation: What to consider?	Sunithi Elizabeth Mani, MD (BRN)
13.45 - 14.10	Alleviating Emergency in Headache: Referral System Plan	Prof. I Made Oka Adnyana, MD, Ph.D (IDN)
14.10 - 14.25	COFFEE BREAK	
14.25 - 14.50	Migraine & Cardio/Cerebrovascular Disease: Perspectives from Comorbidities	Prof. Takao Takeshima, MD, PhD (JPN)
14.50 - 15.15	Medication Overuse and "Underuse" Headache—What Have We Learnt?	Assoc.Prof Sekh Thanprasertsuk, MD, Ph.D (THA)
15.15 - 15.40	Interesting case vignettes and what do they mean?	Devi Ariani Sudibyo. MD (IDN)
15.40 - 17.10	Interactive Workshops & Panel Discussion with the Experts: 1. Patient Cases and Group Discussion 2. Why do practice recommendations matter?	All Speakers
	Hands on : Non-invasive vagus nerve stimulation, occipital nerve blocks, trigger point injections	Assoc.Prof Sekh Thanprasertsuk, MD, Ph.D (THA) Devi Ariani Sudibyo. MD (IDN)
17.10 - 17.15	Closing and Posttest	

WORKSHOP DAY 2

Thursday, August 7th, 2025

JIMBARAN MEETING ROOM

Bali Sunset Road Convention Center (BSCC)

NEUROBEHAVIOUR

TIME	EVENT	SPEAKER
13.00 - 13.10	Opening + Pretest	
13.10 - 13.50	Optimizing Dementia Registries for Precision Care and Health-Policy Integration	<i>Fasihah Irfani, MD (IDN)</i>
13.50 - 14.30	From Biomarkers to Bedside: Precision Diagnosis in Alzheimer's Disease	<i>Prof Chaur-Jong Hu, MD, Ph.D (TWN)</i>
14.30 - 14.50	COFFEE BREAK	
14.50 - 15.30	Preserving Daily Function: Neurological Strategies for Functional Optimization in Dementia	<i>Herpan Syafii Harahap, MD (IDN)</i>
15.30 - 16.00	DISCUSSION	
16.00 - 16.10	Closing and Posttest	

WORKSHOP DAY 2

Thursday, August 7th, 2025

Universitas Udayana Hospital

TIME	EVENT	SPEAKER
MOVEMENT DISORDER		
08.00 - 09.00	Registration and Opening + Pretest	
09.00 - 09.40	Unveiling Movement Disorders Phenomenology : Patterns, pitfalls and practical insight	<i>Prof Roongroj Bhidayasiri, MD, Ph.D (THA)</i>
09.40 - 10.00	COFFEE BREAK	
10.00 - 10.30	Dystonia Demystified : Clinical Phenotypes and Pathophysiological insight	<i>Assoc Prof. Erle Lim Chuen Hian, MBBS, M Med (Int Med), FRCP (Glasgow) (SGP)</i>
10.30 - 11.30	Precision in Motion : Botulinum Toxin type-A (BTX-A) Injection Techniques for Treating Cervical Dystonia , Limb Dystonia and Limb Spasticity (Hand's on)	<i>Prof. Dewa Putu Gde Purwa Samatra, MD, Ph.D (IDN)</i>
11.30 - 12.00	Discussion and Posttest	

SYMPOSIUM DAY 1

Friday, August 8th, 2025

SKP TO BE
ANNOUNCED

Bali Sunset Road Convention Center (BSCC)

Time	BALLROOM A	BALLROOM B	BALLROOM C
07.30 - 08.05	PRESIDENTIAL LECTURE 1 (PR-01) “Neurology training and research - The role of ASNA” <i>Prof. Lim Kheng Seang, MD, Ph.D (MAS)</i>		
08.05 - 09.20	PLENARY SYMPOSIUM 1 (PL-01) NEUROPHYSIOLOGY "Deciphering Peripheral Neuropathies: From GBS and CIDP to Emerging Nodopathies" <i>Moderator: Ahmad Yanuar Safri, MD, Ph.D (IDN)</i>		
	Updates on Guillain Barre Syndrome	<i>Prof Nortina Shahrizaila, MD, Ph.D (MAS)</i>	
	Updates on CIDP	<i>Ahmad Yanuar Safri, MD, Ph.D (IDN)</i>	
	New entity of demyelinating polyneuropathy: nodopathy/ or POEM	<i>Prof. Sonoko Misawa, MD, Ph.D (JPN)</i>	
09.20 - 09.35	COFFEE BREAK		
09.35 - 10.50	OPENING CEREMONY		
10.50 - 12.05	PLENARY SYMPOSIUM 2 (PL-02) NEUROTRAUMA - NEUROINTENSIVE "From Crisis to Recovery: Innovations in Neurocritical Care for Severe Neurological Conditions" <i>Moderator: Johnny Lokin, MD (PHL)</i>		
	Post Critical Syndrome in Neurology Patients	<i>Retnaningsih, MD, Ph.D (IDN)</i>	
	Neurocritical Aspect of TBI : Treatment options for ICP in Critical TBI	<i>Johnny Lokin, MD (PHL)</i>	
	Management of Acute Stroke in Intensive Care, Rehabilitation and Beyond	<i>Assoc. Prof Narayanaswamy Venketasubramanian Ramani, MD , Ph.D (SGP)</i>	
12.05 - 13.05	LUNCH AND PRAYER		

SYMPOSIUM DAY 1

Friday, August 8th, 2025

SKP TO BE
ANNOUNCED

Bali Sunset Road Convention Center (BSCC)

Time	BALLROOM A	BALLROOM B	BALLROOM C
13.05 - 14.20	PARALEL SYMPOSIUM 1		
	Paralel symposium 1A (RL-01) NEUROINTERVENTION "The Next Decade of Neurointervention: Transforming Stroke Treatment in Southeast Asia" <i>Moderator: Achmad Firdaus Sani, MD (IDN)</i>	Paralel symposium 1B (RL-02) PAIN "Update Management in Neuropathic Pain" <i>Moderator: Dr Norazieda Yassin (BRN)</i>	Paralel symposium 1C (RL-03) NEURORESTORATION - NEUROREHABILITATION "Neurorestoration in Action: Innovations in Stroke, Parkinson's, and Dementia Rehabilitation" <i>Moderator: Jumraini, MD, Ph.D (IDN)</i>
	Interventional Neurology: the journey of the 2nd decade of subspecialty in Indonesia. <i>Fritz Sumantri Usman, MD (IDN)</i>	The challenges and opportunities in Neuropathic pain management <i>Prof Dessy R Emril, MD, Ph.D (IDN)</i>	Neurorestoration through TES: Bridging Electrical Stimulation with Magnetic and Ultrasound Modalities <i>Amanda Tiksnadi, MD, PhD (IDN)</i>
	Acute Stroke Intervention in developing country: disparities and challenges in ASIA <i>Prof. Shakir Husain, MD,PhD (IND)</i>	Central Neuropathic Pain <i>Dr Norazieda Yassin (BRN)</i>	Exploring the Effect of Repetitive Transcranial Magnetic Stimulation on Improvement of Motor Complication in Parkinson's Disease <i>Prof. Ritsuko Hanajima, MD, PhD (JPN)</i>
	Hemorrhagic Stroke: Interventional Neurologist Point of View <i>Achmad Firdaus Sani, MD (IDN)</i>	Treatment of Choice for interactable Neuropathic pain <i>Nghia Hoang, MD (VNM)</i>	Transcranial Pulse Stimulation for Behavior and Psychological Symptoms of Dementia in Alzheimer's Disease Patients: A New Hope on State-of-the-art Treatment <i>Prof. Yoshikazu Ugawa, MD, PhD (JPN)</i>
14.20 - 14.35	COFFEE BREAK		

SYMPOSIUM DAY 1

Friday, August 8th, 2025

SKP TO BE
ANNOUNCED

Neurologist
32 SKP

Bali Sunset Road Convention Center (BSCC)

REGISTRATION FEE

SYMPOSIUM

CATEGORY	HIGH AND UPPER MIDDLE INCOME COUNTRY	LOWER MIDDLE AND LOW INCOME COUNTRY
Neurologist / Other Specialist	IDR 5.000.000 (± USD 312)	IDR 4.400.000 (± USD 275)
Trainee / Medical Student	IDR 3.000.000 (± USD 185)	IDR 3.000.000 (± USD 185)
Post Graduate	IDR 3.000.000 (± USD 185)	IDR 3.000.000 (± USD 185)
Non - specialist Doctor	IDR 3.000.000 (± USD 185)	IDR 3.000.000 (± USD 185)
Allied Health (Nurse, Paramedic, Technician)	IDR 3.000.000 (± USD 185)	IDR 3.000.000 (± USD 185)

- All payments are made in Indonesian Rupiah (IDR)
- Exchange rate assumption: USD 1 = IDR 16,000
- The symposium fee includes 1 gala dinner ticket.
- Additional gala dinner ticket: IDR 800,000/pax (approximately USD 50)

ASEAN Countries are defined according to the World Bank Country Classification 2023:

High and Upper-middle income countries :

Singapore, Malaysia, Thailand, Indonesia, Brunei Darussalam

Lower-middle and Low income countries :

Vietnam, Philippines, Lao PDR, Cambodia, Myanmar, Timor Leste

REGISTRATION FEE

WORKSHOP

WORKSHOP TYPES	CATEGORY	HIGH AND UPPER MIDDLE INCOME COUNTRY	LOWER MIDDLE AND LOW INCOME COUNTRY
ASEPA (2 DAYS)	Neurologist / Other Specialist	IDR 6.000.000 (± USD 375)	IDR 3.500.000 (± USD 220)
	Trainee / Medical Student	IDR 3.200.000 (± USD 200)	IDR 3.200.000 (± USD 200)
	Post Graduate	IDR 3.200.000 (± USD 200)	IDR 3.200.000 (± USD 200)
	Non - specialist Doctor	IDR 3.200.000 (± USD 200)	IDR 3.200.000 (± USD 200)
	Allied Health (Nurse, Paramedic, Technician)	IDR 3.200.000 (± USD 200)	IDR 3.200.000 (± USD 200)
FULL DAY	Neurologist / Other Specialist	IDR 5.000.000 (± USD 312)	IDR 3.250.000 (± USD 200)
	Trainee / Medical Student	IDR 3.250.000 (± USD 200)	IDR 3.250.000 (± USD 200)
	Post Graduate	IDR 3.250.000 (± USD 200)	IDR 3.250.000 (± USD 200)
	Non - specialist Doctor	IDR 3.250.000 (± USD 200)	IDR 3.250.000 (± USD 200)
	Allied Health (Nurse, Paramedic, Technician)	IDR 3.250.000 (± USD 200)	IDR 3.250.000 (± USD 200)
HALF DAY	Neurologist / Other Specialist	IDR 3.250.000 (± USD 200)	IDR 2.800.000 (± USD 175)
	Trainee / Medical Student	IDR 2.400.000 (± USD 150)	IDR 2.400.000 (± USD 150)
	Post Graduate	IDR 2.400.000 (± USD 150)	IDR 2.400.000 (± USD 150)
	Non - specialist Doctor	IDR 2.400.000 (± USD 150)	IDR 2.400.000 (± USD 150)
	Allied Health (Nurse, Paramedic, Technician)	IDR 2.400.000 (± USD 150)	IDR 2.400.000 (± USD 150)

- The Workshops are divided into Two-days Workshop, Full-day Workshops and Half-day Workshops.
- Participants of the workshop are obligated to register as attendees of the symposium

ASEPA EXAMINATION

The ASEPA EEG Examination (Asian and Oceanian Chapter of the International League Against Epilepsy - Examination) is a standardized assessment designed to evaluate the knowledge and clinical competency of healthcare professionals in the field of EEG. It serves as an essential certification for neurologists, trainees, and other medical practitioners with a focus on EEG reading within the Asia-Oceania region.

The examination covers a basic topics range of topics related to EEG which structured to test theoretical and diagnostic skills.

The ASEPA EEG Examination aims to promote standardized EEG reading in order to improve the quality of care for people with epilepsy throughout the region. Successful candidates receive a certification that reflects their expertise and commitment to the EEG reading.

Saturday, August 9th 2025

Morning Session
(08.00 (GMT +08.00) - end)

Jimbaran Room

ASNA MEETING, EDUCATIONAL MEETING AND BUSSINESS MEETING

As part of the 16th ASEAN Neurological Association (ASNA) Biennial Convention in Bali, Business meetings will be convened by the Working Group of the Indonesian Neurological Association or the ASNA Committee. The meeting is intended to facilitate strategic discussions on regional collaboration, review ongoing initiatives, and outline future programs aimed at advancing the field of neurology across ASEAN member states. This session will also serve to strengthen organizational partnerships, enhance scientific exchange, and support the development of joint efforts in neurological research, education, and clinical practice within the region.

BUSINESS MEETING : Friday - Saturday, August 8th - 9th, 2025

ASNA MEETING : Saturday, August 9th, 2025

EDUCATIONAL MEETING : Saturday, August 9th, 2025

BUSINESS MEETING : Afternoon session

ASNA MEETING : Morning session

EDUCATIONAL MEETING : Afternoon session

BUSINESS MEETING : Jimbaran Room/Kuta Room/Legian Room

ASNA MEETING : Kuta Room

EDUCATIONAL MEETING : Kuta Room

KALBE DEXA AWARD AND INDONESIAN FELLOWSHIP INNAGURATION

KALBE DEXA AWARD

The Kalbe-DEXA Award PERDOSNI (Indonesian Neurological Association), "Neurology Research Grant and Award," is a recognition given to outstanding neurologists in the field of neuroscience research and development. This award is the result of a collaboration between PT Kalbe Farma, PT Dexa Medica and PERDOSNI.

Saturday, August 9th 2025

Closing Ceremony

Ballroom Bali Sunset Road
Convention Center (BSCC)

NEUROLOGY RESEARCH GRANT

NEUROLOGY RESEARCH AWARD

WHO WILL BE THIS YEAR'S OUTSTANDING WINNER?

INDONESIAN FELLOWSHIP INNAGURATION

With great pride, the Neurology Collegium (KN) presents the Competency Certificates to our accomplished fellowship graduates. This milestone reflects not only their expertise, but also their perseverance and integrity in pursuing excellence.

To be Announced

GALA DINNER

The ASEAN Neurological Association (ASNA) 2025 provides a prestigious and exclusive Gala Dinner. This memorable evening is designed to bring together leading neurologists from around the world, especially those from the ASEAN region and beyond, to celebrate collaboration and innovation in the field of neurology.

Bali is a world-renowned destination known for its beauty and cultural richness. Hosting the Gala Dinner in Bali provides an unforgettable setting for guests, enhancing the overall event experience and leaving a lasting impression on attendees. Bali's unique cultural heritage offers guests a chance to immerse themselves in the island's vibrant culture while fostering a sense of appreciation for diversity.

Saturday, August 9th 2025

19.00 (GMT +08.00) till drop

Garden Bali Sunset Road
Convention Center (BSCC)

**GET READY FOR THE MOST
PRESTIGIOUS MOMENT :
THE ASNA AWARD IS COMING !**

NEURO RUN

Alongside the scientific events, the ASEAN Neurological Association (ASNA) 2025 will also host the Neuro Run. Set against the breathtaking beauty of Bali, this energetic event offers participants the opportunity to engage in a healthy activity while exploring the island's stunning landscapes. This event also serves as a platform to raise awareness about the importance of physical activity in maintaining brain health and overall well-being.

The Neuro Run welcomes participants of all fitness levels – from seasoned runners to casual walkers to take part and enjoy the experience. With its lively atmosphere, beautiful surroundings, and focus on promoting a healthy lifestyle, the ASNA 2025 Neuro Run promises to be an unforgettable experience for all attendees.

Sunday, August 10th 2025

**Start Point: Bali Sunset Road
Convention Center (BSCC)**

ASNA Participant

IDR 150K (± USD 9.50)

Non ASNA Participant

IDR 250K (± USD 16.0)

Include : Jersey, Medal, Bib Number, Refreshment
